About 

Rush removes the frustration and inconvenience of having to call a courier company to collect your order. It automates the process and saves you time and money in the process.

Rush is a **courier aggregator**, providing a platform for you to choose from its trusted courier partners:

- The Courier Guy
- Skynet
- Courier IT
- Globeflight
- Road Trip Courier
- with more to come!

Through its website (www.rush.co.za), Rush offers customers choice, convenience and cheaper pricing and enables you to request multiple deliveries to various destinations in South Africa.

The complete delivery process is monitored by Rush's support centre (**087 820 1748**) and thanks to a track-and-trace facility linked to an online dashboard, you are able to track your deliveries.
